SAFARI HUT PLAYGROUND

Up for a safari experience? Visit the colorful Safari Hut Playground, where you'll have plenty of opportunities to slide! This playground was designed with three large safari hut decks that can be accessed from rock-like climbers and ropes. Enter the hut from below to feel like you're climbing a tree. Once a child reaches the top of the hut deck, there are nine opportunities to slide down an escape route to the ground! Cross the long, rope bridge that connects you from one deck to another; it will give you a sense of adventure! Bask in the beautiful colors that create a tropical environment for play.
